THE DECCA TANKS KP COMBI RANGE

THE DECCA TANKS KP COMBI RANGE

A Single Piece bespoke self-contained Pump Station combining the Tank compartment for Water Storage with the dry compartment which houses the pump set and /or any other equipment.

Our KP Range is available in any size or colour, with a range of finishes including Smooth, Anti Vandal and Textured. Made to meet your exact requirements, we can modify our designs to meet your specific needs.

The pipework connections between the Tank compartment and Pump Set are within the unit.

All that's required is an Inlet, Outlet, Overflow and the Electrical supply connecting to and from the unit, ensuring "Plug and Play" easy site installation.

Large lockable access door for increased security.

Most units can be positioned using fork lift trucks. Larger units may require crane lift.
