

# BIG *or* small

**DECCA GRP HOUSINGS DO IT ALL**

Housing Components

Lockable Single, Double, or Bi-Folding Doors

Gas Meter Housing

Caravan Storage

## Big or Small, Decca GRP Housings do it all

### Why choose DECCA and our Glass Reinforced Plastic GRP Housings?

DECCA provides the complete service from design and manufacture to delivering and installing your GRP Housings.

With over 40 years experience in GRP we are the best in the business when it comes to advising you with your GRP Housing and Storage options. We design and manufacture all our GRP Housings to be strong and efficient at a very competitive price.

### Our GRP Housings are all-purpose and can be used for multiple reasons:

- ✓ Railway Track Line Side Housings
- ✓ Site Offices
- ✓ Outdoor Storage
- ✓ Caravan Site
- ✓ Approved Storage Unit
- ✓ Pump-Set Housings
- ✓ Electrical Meter Boxes
- ✓ Gas Kiosks
- ✓ Water Tank Plantrooms
- ✓ Substations

## GRP Housings

Our GRP Housings are available in any size or colour, with a range of finishes including smooth, anti vandal and textured. Made to meet your exact requirements, we can modify our designs to meet your specific needs.

## Delivery and Installation

DECCA offer a full delivery and installation service for all GRP Housings. Our GRP Housings can be delivered in ready built or flat pack form and off loaded by hiab.

Our smaller GRP Housings are often delivered to site in a one-piece format. However, our larger housings are sometimes delivered in a two piece, three piece, or sectional format. This is all dependant on site restrictions and access.

If you require a housing that is in a two-piece or sectional format we offer a site installation service using our own engineers and technicians, unlike many other companies that use subcontractors. This helps enormously when it comes to co-ordinating delivery and installations all at the same time.

Electrical installation such as power supply, lights and tubular heaters, can be carried out at our premises for ready built GRP Houses.

Communication is always maintained with our clients, and our site service team will work with you to ensure a smooth and effective delivery and installation is carried out.

**We understand that your deadlines are important!**
